Station Agent Retires This Month

Mr. W. H. VanWeyk, C.P.R. station agent here since 1951, will retire on pension April 1st. His last working day will be March 21.

Mr. VanWeyk entered service with the C.P.R. June 6th, 1918 and has worked at various stations in Saskatchewan and Alberta. He was the first station agent at Vauxhall and remained there for more than 22 years, 20 of which he also served as secretary-treasurer of the Vauxhall Board of Trade.

During the First World War Mr. VanWeyk served overseas with the 31st Battalion and was wounded on the Somme. He is a past master in the masonic lodge.

Mr. and Mrs. VanWeyk will make their home in Cumberland, B.C., where Van will pursue his hobbies of hunting and fishing.

It is understood that Mr. J. D. Swift, of Leduc, Sask., an employee of the C.P.R. since 1919, will arrive here shortly to take over the post left vacant by the retirement of Mr. VanWeyk.

WEST DIDSBURY CLUB TO HONOR RETIRING D.A.

A recent meeting of the West Didsbury Club was held at the home of Mr. A. Robertson. The 11 members present first judged two classes of bulls. Vernon Befus, L.A. of the club, presented the younger bulls and Larry Gillie and Gordon Robertson, the others.

At the meeting later the 4-H pledge was repeated and Larry Duff gave a report on "Feed For Fat" and "Care of the Calf's Feet" and Lorne Nimmans on "The Roughage Food." Reports for the next meeting were assigned to Delbert Larson, Robert Hoesgood and Vernon Befus.

There will be films, a concert, box social and a farewell for our retired livestock agriculturalist, Hugh McPhail, on March 25 at 8 p.m. at Rugby hall. The next meeting will be held at the home of Mr. D. Bird on April 15 at 2 p.m.

WESTERDALE NEWS

(From Our Own Correspondent)

The Willing Workers meeting was held last Wednesday afternoon at the home of Mrs. Ben Kershaw with twelve members and one visitor present. Roll call was answered with "a bit of old Ireland," followed by the Creed.

It was discussed at length whether to have a Stanley Tea. A vote proved in favor of having the tea at the home on March 16, to commence at 2:00 p.m. Ladies of the club to provide the lunch, an invitation is extended to ladies of other clubs to attend.

Arrangements were again made to make the Dutch Girl quilt on March 23 at the home of Mrs. J. Schrader, as the previous arranged date was cancelled owing to the cold weather.

Mrs. Ben Kershaw very kindly offered her home for a whist party on March 14.

A donation of \$10 is to be sent to Mr. and Mrs. W. Phillips of Sundre, on the loss by fire of a quantity of their possessions.

Mrs. S. Jackson was in charge of the bit of fun, which was won by Mrs. J. Cowie.

The tea money hosts prize was won by Mrs. J. E. Bolton. Lunch was served by the hostess and assistants.

The annual meeting of the Young Peoples club was held last Monday evening at the home of Mr. and Mrs. Landon with 16 persons present. New Officers elected were: Mr. Ben Kershaw as secretary-treasurer and Mr. J. E. Bolton as a hall trustee. All other officers were re-elected by acclamation.

The Merry-makers orchestra will be in attendance for the dance on March 26th.

Mr. Cowland of Ontario returned to the home of Mr. and Mrs. S. Jackson last week after visiting with Mr. and Mrs. O. Nelson of Oids.

Miss Gertrude Kershaw returned home Friday to spend the weekend.

Miss Maria Jackson of Calgary also spent the weekend in the district.

J. Murray To Head Local Home & School Association

Approximately 100 interested people attended an organization meeting for the Home and School Association in the school auditorium Monday evening. To start things off Mrs. G. Banks kept a sing-song.

Mrs. Reid Clarke introduced the guest speaker for the evening, Mr. K. T. Torg, provincial organizer for Home and School, who gave a very detailed talk on the subject of membership, the bond between teachers and parents, and spiritual benefits. A discussion period followed.

Following this Mr. E. T. Wiggins, principal, introduced Mr. T. Morris, representative of the Olds School division, who stated approval of the organization. Mr. X. P. Crispo, school inspector, also spoke, and approved of the plan from a teachers and inspectors' point of view.

Officers elected were: Associate president, Mr. E. T. Wiggins; president, Mr. J. Murray; vice-president, Mrs. R. Clarke; secretary, Mrs. A. E. Prevost; treasurer, Mr. W. Snyder.

Other committees will be appointed later.

Meeting dates have been set for the second Monday of each month, April meeting to be on the 1st Monday because of the Easter holiday.

Following adjournment a social evening was enjoyed.

Sunday guests of Mr. and Mrs. Jack Edwards and family were Mr.

SHAMROCKS WIN HOCKEY TOURNAMENT

The crowd wasn't as large as was expected but the hockey created lots of entertainment for those who did turn out at the hockey tournament held here last Saturday afternoon and evening.

First game saw Shamrocks down the Daishes 6-3, after coming from behind a 2-0 lead early in the second period.

In the second game the Neapolis Cheese Eaters won over the Didsbury Beavers by a close 6-4 score. The Daishes' Brian Burke and McCoy, accounted for all Beavers goals. (We have to get a plug in someplace.)

The final game ended up in a 4-2 victory for Shamrocks over the east team. Irwin got three goals for the winners and Vern Neufeld scored one. A Neufeld and R. Neufeld tallied for Neapolis.

BERGEN NOTES

(From Our Own Correspondent)

At a recent meeting held at the home of Mrs. Dave Davidson, a group known as the Bergen Ladies' Community association, was formed. Mrs. W. Fyten was elected president and Mrs. Raymond Mylones, secretary.

The ladies are planning a bedspread to raise funds and are also sponsoring an Irish stew supper, to be held in Bergen hall the evening of March 25. Everyone welcome.

Mr. and Mrs. Eric Lytle returned home Saturday after spending the winter at the Eskrick camp west of Sundre.

A number of local people attended the musical festival held in the Sundre school on March 11. In the evening of the same day the Mountain View Bible College presented a concert of sacred music in the auditorium.

The W.M.S. sewing circle met on March 10 at the home of Mrs. Norman Dippel.

Mr. and Mrs. Clarence Gamble visited last week at the home of Mr. and Mrs. Tryve Haus.

EVANGELICAL CHURCHES PLAN MUSICAL SERVICES

A series of musical services has been arranged for in the Evangelical U.B. churches of the Didsbury district. For this weekend, with the Singing Halversons and their associates. The programs will consist of vocal and instrumental numbers. Mr. and Mrs. Halverson have just returned from a trip to Jamaica and will have interesting things to tell.

The schedule follows: Friday, March 18, 8 p.m., at Bethel church, on Cremona road, 10 miles west of Carstairs.

Saturday, March 19, 8 p.m., Zion church, Didsbury.

Sunday, March 20, 10:30 a.m., Zion church, Didsbury; 3 p.m., Bethel church, 1:30 p.m., Zion church, Didsbury.

The next whist drive will be held at Mr. Owen Milne's, March 23rd.

Mr. and Mrs. Jack Underhay and Joyce and Mr. and Mrs. Howard Pross and family visited with Mr. and Mrs. Walter McCulloch recently.

The Poplar Creek Sunshine Club entertained their husbands and families to a supper at the school Saturday night. Following supper Mr. and Mrs. A. Lenz showed films on a geological expedition in the far north which the former had taken during the course of his trip.

Mrs. Mary Milne and Mr. and Mrs. Ronald Milne called on Mr. and Mrs. Bill Haderer recently.

Mr. and Mrs. Pete Schumaker and family, Mr. and Mrs. Raymond Schumaker and family, Mr. and Mrs. W. McCulloch and Leonard, Mr. and Mrs. James Schumaker and family were Sunday dinner guests of Mr. and Mrs. Stanley Schumaker; the occasion being Stanley and Resnald's birthday.

We are sorry to hear that Mrs. P. Neufeld is not in the best of health.

REDEEMER LADIES' AID TO ASSIST RED CROSS

Redeemer Lutheran Ladies' Aid held its regular meeting Thursday, March 10, with 15 members and 3 visitors present. Rev. Fox conducted the topic, "I Belong to God Because He Has Redeemed Me."

The April meeting roll call is to be answered with some article for the benevolent kitchen. The members also decided to bring articles every two months for the fall auction sale. The society again asked for some sewing to be done for the Red Cross.

At the topic, "I Belong to God Because He Has Redeemed Me," Mrs. Gebbers gave an interesting five-minute talk on "Handicrafts."

Kevin Conway, second from right, a former Montrealeur, now playing hockey with Penitence V's, enjoyed a merry sendoff from his home town.

from members of his family as the Canadian entry in the world hockey tournament left for Germany. We imagine the return visit will be much more jovial after the drubbing the Canadian club handed the Moscow ambassadors in the final game of a week-long series.

District Pioneer Dies In Calgary

Funeral service for C. Godfrey Carlson, 81, of Calgary, who died on Thursday in General hospital, were held Monday at 10:30 a.m. in the First Lutheran church, Calgary.

A second service was held at 3:30 p.m. in the Westdale United church, with Rev. L. C. Tringham officiating.

Burial took place in Westdale cemetery with Jacques Funeral Home in charge of arrangements.

Mr. Carlson was born in Oland, Sweden, and moved to Edmonton, 1891. He moved to Didsbury in 1902 where he farmed until retiring to Calgary in 1945. He was a member of First Lutheran church.

He was survived by his wife, Robenia; a daughter, Gladys, of Calgary; a son, Lanclot, of Vancouver; one grandson, two brothers, Oscar Carlson of Calgary and Axel Olson of Drumheller.

ANYBODY WANT SOME ANTLETS?

It says here Olds Elks bowed out of the Central Alberta Hockey playoffs when they shed their antlers. A lot of toots and puffed up their gear for the season in league play when Lacombe Rockets turned them away from the shed by a 6-5 count in the northern centre Sunday. Rockets took the series four games to two.

Lacombe won the first two encounters, Elks tied it up at a pair apiece, but didn't have the staying power to withstand their opponents in the final two matches.

As has been the case before, when the unbeatables get beaten, we would like to have the concession for crying towels in Elksdom this week.

Committees are as follows: finance, T. Morris, O. Z. H. Van Haften; transportation, W. Richards, E. Turner and sub-division trustee; staff appointment, T. Morris, X. P. Crispo, S. J. Gilson, R. B. Budge; town property and buildings, T. Morris, R. C. Rankin, E. Turner and sub-division trustee; rural property and building, W. Richards, O. Z. H. Van Haften and sub-division trustee; purchasing, R. C. Rankin; staff and teachers' salaries, T. Morris, Mr. Van Hagen.

It was decided that future regular meetings of the board will be held on the first Tuesday of every month, rather than the second Tuesday, which has been the practice in the past.

COMPETITION BECOMING KEENER ALL THE TIME

Total wheat supplies in the United States for the 1954-55 marketing year are placed at 1,862 million bushels. Total domestic disappearance is estimated by the U.S. department of agriculture at 660 million bushels. That would leave over 1,200 million bushels for export and carryover. The export estimate for the year is around 250 million bushels leaving a carryover of 950 million when the crop year ends.

The United States government is very concerned over the situation and the people of that nation are becoming alarmed, particularly in view of the fact that the government, through the Commodity Credit Corporation, owns or controls through loans over 1 billion bushels of wheat. Desperate efforts are being made to get rid of the U.S. surplus through gifts to other nations, through the sale of wheat for pounds, marks, lire, pesos, francs, or whatever money the purchasing country has to offer. There has also been some price shaving by the U.S.A.

These methods provide keen competition for Canada notwithstanding the superior quality of Canadian wheat. The premium position of the Canadian dollar has been a handicap in obtaining markets.

HOSPITALS USE NEW WOUND DRESSING

A new type wound dressing in use already in the most prominent hospitals from coast to coast, has gone a long way to silencing the cries of young children and eliminating the pain of adults when surgical dressings are removed.

The dressing named "Telfa" keeps wounds dry without sticking. This means that when the dressing is changed, it peels off rather than tearing newly formed tissue buds. Bauer & Black, manufacturer of "Telfa", claims the dressing to be completely functional and that it actually promotes natural healing of great value in over crowded hospitals as well as being a relief to patients.

Because of this, "Telfa" is proving of great value in over crowded hospitals as well as being a relief to patients. It also seems destined to find favour in industry, with first aid organizations, truckers and highway patrols.

The secret of "Telfa" is non-wettable plastic film which goes next to the skin. The film is perforated with many scientifically arranged holes and is backed by an extremely absorbent cotton fabric. When the dressing is applied, capillary action takes place. The cotton soaks up wound fluids through the perforations in the plastic film, and these act like one-way valves prohibiting drainage from returning to the wound. The wound is kept dry and natural healing is accelerated. The perforations are so small tissue buds are excluded from them.

The old river-boat captain was bragging to a passenger. "Yep," he said proudly, "I really know this river like the palm of my hand. There ain't a sand bar in it

that I ain't familiar with." Just then the boat ran aground with a sickening lurch. "See," he said calmly, "there's one of 'em now."

On Fertilizer

Conservation of soil fertility is one of the great roles of fertilizers on farms of the Canadian Prairies, according to T. C. McBeath, Prairie manager, Chemical and Fertilizer Sales Divisions, the Consolidated Mining and Smelting Company of Canada Limited, Calgary.

Increased yields, earlier maturity, and better grades from the use of fertilizer means reduced cost of unit production and greater profit to the farmers.

In terms of years to come, only with proper and ample fertilization along with good farming practices can soil fertility be maintained assuring farmers of a high standard of living. Without fertilizers soils will become depleted yields will decrease, the margin of profit will disappear, and farmers will no longer enjoy a satisfactory standard of living.

Lone Pine W.I. Plans Whist Drive

Lone Pine W. I. March meeting was at the home of Mrs. O. Schneider on March 8th.

Nine members answered roll call with whistle, sing, hum or say. Four visitors were welcomed by the president. A donation of \$10 was made to the Midway Hockey Club. Goods to be made into articles for the bazaar were given out. A study of the Blue Book continued. A whist drive was planned for March 23rd at Owen Milne's.

Mrs. A. Patterson was the winner of the 10 cent draw. The bit of fun was a parade of homemade hats. Mrs. O. Schneider was the winner. What a hat!

The April meeting will be held on 13th at Mrs. S. Elliott's. An auction sale will be held at this meeting. Ladies please bring your favorite recipes and also a decorated jar suitable for a flower vase.

FARM ACCIDENTS

Last week a farmer in the Shiff district of southern Alberta sustained painful and disabling injuries in an accident with a grain loader. His foot became entangled in the auger and was so badly mangled that amputation was necessary.

This has been drawn to the attention of farm people in the hope of making them more safety conscious. Remember farming is a dangerous occupation. Don't take chances.

SAGE ADVICE

A grandfather heard his two little grandsons, 8 and 6 years old, in close conversation. The older was advising the younger, who was about to start school.

"The thing is, don't ever learn to spell," he said. "They'll try you first on an easy word. Once you learn to spell 'cat' you're trapped. After that the words get longer and harder."

WEDDINGS

KITE—MORTIMER

Marriage vows were exchanged between Miss Betty Mortimer and P. O. John Kite in St. Luke's Anglican Church in Red Deer, February 12 before an altar banked with bright spring flowers.

Rev. W. P. Irving conducted the double ring ceremony for the only daughter of Mr. C. S. Mortimer, Red Deer, and the only son of Mr. and Mrs. O. R. Kite of Rapid City, Manitoba.

Given in marriage by her father, the bride was lovely in a floor-length Empire gown of Chantilly type lace and tulle poised over satin and ermine. The tulle draped off the shoulder gown was topped by a long sleeved lace bolero. Deep tulle flouncing caught with pearl trimmed drapings billowed from the lace torso to form the bouffant skirt. A chapel veil of illusion net and deep lace misted from a pearl trimmed Juliet cap. She carried a bouquet of American Beauty roses with tiny rosebuds and fern. Her only jewellery was a single strand of pearls, a gift of the groom.

The bride's only attendant was Miss Lal Ritzken who chose a strapless net gown over taffeta and ermine in a shrimp shade. She wore a matching net stole and a feather headpiece. A bouquet of feathered blue carnations completed her ensemble.

The bride's brother, Dr. D. C. Mortimer of Ottawa, supported the groom as the best man and ushering the guests were Mr. Frank Gathercole and Mr. William Timbie.

Miss Lois Parker, sister for the occasion, sang "The Lord's Prayer" before the ceremony and "The Wedding Prayer" during the signing of the register.

A reception for 55 guests was held following the ceremony in the Park Hotel where the toast to the bride was proposed by Mr. T. Foster and responded to by the bridegroom.

For her going away ensemble, the bride donned a charcoal wool dress with white trim. She wore a corsage of red roses.

Following the honeymoon in California, the couple will make their home in Winnipeg.

Out of town guests included: Mr. and Mrs. O. Kite, Rapid City, Man.; Mrs. D. Shanks, Snow Lake, Man.; Mr. and Mrs. M. McCallum, Miss Carol McCallum, Mrs. A. Minton and daughter, Mr. and Mrs. G. Hooper, Mr. S. Hooper, Mr. D. Hooper, all of Calgary, Mr. and Mrs. J. H. Robertson, Howard Robertson, Mr. and Mrs. H. Lynch-Staunton, Mr. and Mrs. H. Wood, Mr. and Mrs. E. Wiggins, and daughter, all of Didsbury; Mr. P. Gathercole, Olds; P. O. J. D. Sampson, P. O. R. G. Shading, both of RCMP station, Saskatoon; Miss M. Robertson, Mr. D. Gilchrist, both of Edmonton; Mr. and Mrs. W. Keele, Haynes.

Word has come that Mr. Albert S. Roper, a former resident of Didsbury, passed away in the Veteran's Quarters, University Hospital in Edmonton, February 7th, 1955, at the age of 84. Burial took place in Wetaskiwin, February 11th.

Easter Seal Story . . .

The Co-ordinating Council for Crippled Children (Alberta) is a body consisting of representatives of 29 organizations in Alberta, among which are the Associated Canadian Travellers, the Kiwanis, and the Lions Clubs of several cities. In addition to these clubs there is a representative of the Department of Education, the University Hospital, The Council of Community Service, the C.N.T.B. the University of Alberta Faculty of Medicine, the Junior Hospital League, and the Canadian Arthritis and Rheumatism Society.

One of the nine objects found in the Council's charter is worded as follows:

"While working consistently for prevention, the Council will use every means possible to try to ensure that the care needed is available to children within the Council's area of operation, who are already crippled or physically handicapped."

There is a Co-ordinating Council for Crippled Children in each of the 10 provinces of Canada. The money raised in any province is spent in that province. The provincial Councils are members of the Canadian Council for Crippled Children.

To raise funds for their work the Co-ordinating Council will send to each of 245,000 homes in Alberta a sheet of 100 Easter Seals and invite donations towards the purchase of same. The same seal will go out all over Canada.

The Council has two full time employees only. The Executive Secretary and his office manager. They occupy a very modest office at 4-10339-42nd Ave. Edmonton, and enquiries are welcome.

The Council defines a crippled child as follows: "any child which in any way deviates from the normal." NO WORTHY CASE IS TURNED AWAY as long as the money lasts and there is very little left by the time next year's campaign is opened.

In the province of Alberta there are: over 10,000 spastics, more than 18,800 speech defectives, more than 4,000 children with orthopedic defects, not to mention blue babies, hemiplegias, hydrocephalics, burn cases, etc. etc. The task is enormous.

The Council through the agency of service clubs and the local doctors finds the crippled child, obtains a diagnosis of the disability and provides treatment where warranted.

It will thus be seen that the council deals directly with the child and its needs, if the child must go to

Through The Study Window

By REV. C. C. ARMSTRONG

Mr. Dick Sanburn of the Calgary Herald has a column, in which he comments on a variety of subjects. Variety is the spice of life, and some of his subjects have more spice and his comments are more uninhibited than anything attempted in this column. But on the whole what he has to say is worth saying and very well done.

In a recent essay, he was commenting on Schizophrenia in Toronto, wherein one section of the city was happily looking forward without much moral scruple to a new building a multi-million dollar conception, to be erected as a gift of the O'Keefe brewing company, to the public while another group was viewing the proposal with much righteous indignation. He himself was in the group which would accept the building without any hesitation, and he listed the United Church as being opposed.

Mr. S. confesses he is unable to understand the reason for the turmoil, and comments that it is not the beer itself but people who are the troublemakers. However this last observation will not help matters much towards an understanding of the issues involved. Of course beer contained in the bottle is perfectly innocent. It is when it has a human container that it begins to act up and cause disturbance.

The real case of schizophrenia is not Toronto itself but amongst the brewers, who are proposing to donate a very expensive building for "the benefit of the public." By contributing such an edifice they appear as the generous supporters of activities that are helpful and beneficial to the community. On the other hand, there are other results from their product that are not nearly so beneficial, and in fact are extremely harmful both individually and socially.

The position of the United Church, based on Scriptures which advocates voluntary total abstinence from things that will be harmful to others, is that drinking is both dangerous

Rochester, U.S.A. IT GOES.

The Council cannot at any time add to an already existent building anywhere. It does not, nor will it, buy machines or furnishings for any hospital. It believes that there is throughout the province, and beyond, an abundance of skill and care in hospitals equipped with every known device of the healing art, and it is determined to spend 80 to 85 cents of every dollar it receives on the children who will benefit by treatment.

In other words the dollar you subscribe gives a crippled child a fighting chance; your dollar gets the child to the place of treatment. You are therefore earnestly invited to buy easter seals in this Canada wide effort. Please mail your pink envelope TODAY.

Notes From D.A.

By HOWARD J. FULCHER

Mercuric seed disinfectants are not effective in the control of loose smut. The reason for this being that the spores are not carried on the outside of the kernels. Loose smut is first noticed in the standing crop at heading time. A head emerges from the boot as a mass of loose smut. These spores blow from the infected head at the flowering time and lodge in healthy grain heads. In the fall at harvest time the grain heads and kernels appear normal. The spores are lodged inside the kernel. These infected kernels when sown the following spring germinate but the plant will be infected and produce more heads of loose smut.

Control can be carried out by a hot water treatment. Temperatures and time are very important, or a water spersion treatment may be used. In the latter: treat in a room 70 degrees F. soaking the seed for 10 hours in water, draw off water and soak seed 48 hours in a mixture of 3 ounces Sperson S L to 10 gallons of water. After this spread to partially dry, sow within 2 days.

This treatment may be adopted for the treatment of small lots of seed which can be sown on a two-three acre plot to produce loose smut free seed. It is not too practical for large lots of seed but does allow for production of clean seed for your own use the following year.

Covered smut which appears as dust at harvest time, can be successfully controlled by a mercuric treatment. In this disease the smut spores are carried on the outside of the kernels.

and unwise. Their objection to brewers or distillers donating such buildings is based on the view that such buildings are not merely "compensations" for the harmful effects of drinking but also give the false impression that the producers of beverage alcohol are altruistic promoters of the public good. Certainly there is a difference of opinion in Toronto, but the real schizoids are the ones that process the hops.

WEST NOTES

Mrs. John Toole of Lacombe visited with her sister Mrs. C. Byrt for a few days last week, when she came down to see her sister Mrs. L. Evans who is a patient in the Didsbury hospital.

Mr. Irwin Kelsey and small son of Montreal called on Mr. and Mrs. Arnold Hogg on Monday. Mr. Kelsey is a cousin of Mrs. Hogg and is a pilot of a Canadian air line.

Mr. and Mrs. Gordon Befus visited with Mr. and Mrs. Alfred Cowitz Tuesday of last week.

Mr. and Mrs. Bagshaw spent Tuesday evening of last week with Mr. and Mrs. O. Blain.

Mrs. Cowitz Sr. spent Sunday afternoon with Mrs. Blain Sr.

Mr. and Mrs. A. L. Hogg were supper guests on Saturday with Mr. and Mrs. Pat Maynes at Cremona.

The Elton bonspiel got started on Sunday but owing to the mild weather only two games were played on Monday, twenty prizes are entered, coming from Sundre, Carstairs, Cremona, and Didsbury to compete for the lovely prizes mostly donated by the merchants of Didsbury. The local merchants donated coffee and eats to the booth.

CLOSE TAX CHECK MADE IN WEST

The government was asked to use some of its income tax inspectors in Saskatchewan to check on possible tax delinquents among farmers in Ontario, Quebec and other provinces.

Senator Walter Aseltine (PC Saskatchewan) made the proposal in the Senate after stating that Saskatchewan farmers in 1952 paid \$13,268,000 in income taxes, compared with \$27,465,000 paid by all farmers in Canada. He also said that the amount of tax paid by farmers in the three Prairie provinces in 1952 was six times the total for the rest of Canada.

One reason why farmers in the west pay more than farmers in other provinces, he said, is "because they are checked up more carefully than farmers in other parts of Canada."

ALBERTA'S
PUBLIC
HEALTH
PROGRAM

The most precious possession
of any individual is his health.
Similarly the most valuable re-
sources of any country is the
health of its people. Alberta's
Department of Public Health
exists to safeguard this re-
source by seeking to prevent
disease, or when it strikes, to
assist in the recovery of the
individual.

The Province of Alberta has
attained a favorable financial
position, the advantages of
which are being shared by all.
As a result, government ser-
vices are being offered on a
scale that was financially im-
possible a few years ago. This
is particularly true in regard to
public health services.

Ten years ago the Govern-
ment of Alberta spent \$3,285-
300 on public health. During
1954-55 the overall expendi-
ture increased to \$24,482,000,
of which \$2,700,000 will be re-
funded from the federal treasury.

During the past 10 years,
public health services have cost
the Government of Alberta
more than \$29,000,000.

What do we get for all this
money?
The expenditures which have
been made by the Department
of Health have undoubtedly
brought better health to the
people. They have, moreover,
helped relieve the financial
burden of those who have been
victims of disease. The cost of

health services is heavy. But
the value of better health can-
not be calculated in monetary
terms.

The department provides the
people of Alberta with a well-
rounded health program. It
begins with pre-natal and post-
natal care, well-baby clinics
and school health supervision
conducted by trained personnel
in the health units and the
municipal nursing districts. It
stresses prevention through in-
tensive immunization, camp-
camps and carries on with the
most effective known measures
for the control of communica-
ble diseases. It provides for
free diagnosis and treatment
services for the most serious
causes of ill-health and con-
tinues through to hospital,
medical, surgical and dental
care for pensioners and their
dependents. It is designed to
give help where help is needed.

most and in short, to promote
better health for the people.

Public health services in-
clude a hospitalization program
available to 96 per cent of Al-
berta's population with stand-
ard ward care (when it is
needed) at a direct cost to the
individual of \$1 a day. Hospital
"extras" are available similarly
for an additional dollar per
day. Maternity hospitalization
up to 12 days of standard pub-
lic ward care is provided at
government expense to all
mothers who are residents of
Alberta. Complete hospital
and medical services are given
those receiving various pen-
sions and allowances. The
province has assumed the cost
of caring for those suffering
from tuberculosis, cancer, ex-
cept hospitalization, poliomy-
elitis, cerebral palsy and (ex-
cepting chronic cases) rheu-
matoid arthritis.

Cost of the chief health ser-
vices provided by Alberta's De-
partment of Public Health for
the 1953-54 fiscal year include
the following: Hospital con-
struction grants \$1,258,803;
Tuberculosis Act \$1,501,802;
Public Health and municipal
nursing \$135,084; Mental In-
stitutions \$3,298,292; Public Health
laboratories \$251,116; Polio-
myelitis Act \$991,477; Cancer
treatment \$520,058; Maternity
Hospitalization \$110,100; \$2,054,481;
Health Unit grants and costs
\$335,241; Pensioners' hospital
and medical services \$2,457,640.

WEEDS IN THE OAT CROP: What
are the relative advantages of 2-4-D
and MCP in controlling annual
weeds in the oat crop? An experi-
ment designed to provide some of
the answers was started at Lacombe
Experimental Station last summer.
Early oats was the crop.

The weed infestation consisted of
around 50% stinkweed and 35%
hemp nettle. The remaining 25% of
weed population included ball mus-
tard, lamb's quarters, Russian pig-
weed, chickweed and green foxtail.
2-4-D esters and amine, MCP ester,
amine and sodium salt were used at
rates from 4 to 8 oz. acid in 7 million
water per acre.

ALL treatments resulted in almost
complete kill of stinkweed, ball mus-
tard, lamb's quarters, Russian pig-
weed, chickweed and green foxtail
were neither killed nor effectively
controlled by any of the treat-
ments. Hemp nettle was controlled
by MCP but not by 2-4-D.

Although MCP controls hemp net-
tle effectively it does not result in
complete kill. 35 to 50% of the
plants are killed. The others are so
suppressed that competition and
seed setting are greatly reduced. As
a result of hemp nettle control, MCP
increased the oat yield but 2-4-D did
not.

These tests have proven that early
treatment is important for both
maximum weed control and crop
yield. Injury can occur from use of
2-4-D esters, amine is less likely to
cause injury. Where hemp nettle
is a factor in the weed infestation
the use of MCP is preferable in spite
of its higher cost.

WOMAN KEEPS WOLF
FROM DOOR WITH HOE

OKEMAH, Okla. —Mrs. Rose Fisher, a slip of a lady of 60, has found a new way to keep the wolf from her door. She came face to face with one just outside of her farm home Friday.

The animal snarled viciously at her but didn't get the chance to attack. She waylaid him with one blow of a garden hoe.

Alberta Safety Council

Strong assurance of support for campaigns sponsored by the Alberta Safety Council was given by civic officials and group representatives during a recent tour he made of 18 towns and cities in the eastern part of the Province, according to a report by R. M. Hume, director of the southern division, ASC.

The report was submitted to Paul Lawrence, Safety Director and will be considered in detail by the Provincial executive at an early meeting. The Provincial president is H. B. Macdonald, M.L.A. of Calgary.

Formation of local branches of the Alberta Safety Council already has resulted from Mr. Hume's tour. Steps have been taken to form a Lloydminster branch.

Starting from Edmonton, Mr. Hume visited Redwater, Radway, Smoky Lake, Vlna, St. Paul, Mannville, Innisfree, Vegreville, Vermilion, Lloydminster, Wainwright, Viking, Daysland, Camrose, Stettler, Castor, Hanna and Drumheller. He conferred with the mayors of towns and also secretary-treasurers, officials of Boards of Trade, and Junior Chambers of Commerce, weekly newspaper editors, police officials and representatives of service clubs. He spoke at several town meetings.

Many of the town officials stated definitely that they will give full participation in the next safety campaign, sponsored by the Safety Council. At St. Paul, there was a two hour meeting with a delegation from the Junior Chamber of Commerce. A resolution stating that the Jaycees sponsor a program in the next safety campaign was adopted.

At Innisfree, assurance was given that the town council will sponsor a safety program, as it did last November. At Lloydminster, a splendid meeting was held, with town and service clubs and representatives of other groups in attendance. A resolution which

PLAN BIG

Plan for a big Canada, advises The Financial Post, because that is what we are going to have. A larger population is no longer just a political slogan. It's an event to which we are already committed. The parents of our larger population have already been born. More school and university facilities, as Dr. Sidney Smith has been pointing out, are not temporary needs; they are part of a new North American pattern. Higher productivity, greater business efficiency, aren't just matters of choice. They are a question of the survival for our living standard. Twenty years is a short period in the life of a nation. If we're to meet the challenge and grasp the opportunity of the future the time to make ready for it is now.

was adopted, called for the formation of a Safety Council, to be affiliated with the ASC. At Wainwright, town officials gave assurance that the town will take part in the next Province-wide safety program, as it did last year in both campaigns.

Mr. Hume reports that he found service clubs very active in most places and apparently willing to assist town authorities in promoting safety programs.

"I would say that all the cities and towns I visited on this trip will be represented in our next province-wide campaign; at least the interest and enthusiasm shown throughout the contacts he made in each place should show definite results," says the report.

The southern director said that in various towns he was told that the Alberta Safety Council is doing a fine job and full justified its existence. He found persons who were appalled at the accident and fatality record for 1954 and agreed that something should be done about it.

"All agreed that it is essential to have such an organization as the Safety Council and that education is of vital importance in promoting safety," Mr. Hume reported.

Song Writers' Competition

This competition is opened to amateur and professional song writers of Alberta, and entries will be received up to April 15th, 1955.

\$750.00 in prizes will be awarded to the compositions considered by the judges to be the best submitted. A substantial sum of money will be awarded to the most outstanding entry.

Compositions previously published will not be eligible. Songs may be for solo voice or unison singing as well as part-songs for two, three or four voices. If the compositions are designed to have a full piano accompaniment, this MUST be provided. Full details may be obtained from the Jubilee Committee (address below).

Play Writing Competition

Entries for the Jubilee Play Writing Competition will be received up to June 30, 1955.

Plays must have a playing time of not less than one hour and three-quarters, but no restrictions are made as to the division of play material into acts.

Plays must be original and should be typewritten, double spaced and typed on one side of the paper only.

Three plays will be bought at a price of \$250.00 per play and these plays will be made available to groups wishing to use them as part of the Jubilee activities, free of royalty during the remainder of 1955.

Are you a "Do-It-Yourself" Driver?
Or would you rather be waited on hand and foot?

Rather shift for yourself . . . or let Powerglide do it?

Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. Gearshift and steering control shafts are concealed in a single, attractive housing.

Powerglide, too, is better than ever this year. Smoother, sturdier, and jick-rabbit quick on the getaway. It's the most popular automatic transmission* in Chevrolet's field!

Do all your own clutching . . . or save effort and gas with Overdrive?

Clutching is easier than ever with Chevrolet's new, High Capacity Tri-Flex Clutch. The new pendant-type pedal and single diaphragm spring reduce the amount of foot pressure required, while other new advances ensure positive clutch engagement.

The "free-wheeling" effect of Chevrolet's new Touch-Down Overdrive* eliminates much of the clutching necessary at city driving speeds. And on the highway it reduces engine speed by 22% — greatly increasing fuel economy and reducing engine wear.

Position the seat yourself . . . or let electricity do it?

Chevrolet's big, beautifully upholstered front seat moves up and forward and down and back into your most comfortable position. There's more interior room this year for hips, hats and shoulders!

What's new and improved about Chevrolet? Everything! Chevrolet Power Brakes* are better than ever—let you stop dime. And Chevrolet's amazing new Anti-Dive control gives you "heads up" stops!

Apply the brakes like this . . . or have power make it easier?

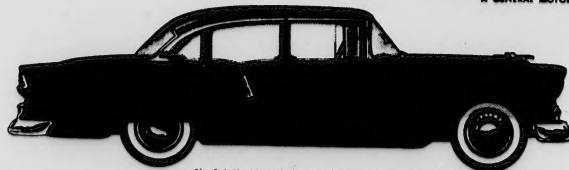

An improved braking system and new swing-type pedals make it a cinch to stop your Chevrolet on the proverbial dime. And Chevrolet's amazing new Anti-Dive control gives you "heads up" stops!

What's new and improved about Chevrolet? Everything! Chevrolet Power Brakes* are better than ever—let you stop dime. And Chevrolet's amazing new Anti-Dive control gives you "heads up" stops!

Rather have standard steering . . . or the extra ease of Power Steering?

How easy and sure can steering be? Try this new Chevrolet and see. Chevrolet uses a ball bearing system to cut friction to a minimum—and to get really fast steering response.
